A WHOLESALE DEATH LIST

Results From Head-End Collision of Crowded Passenger Trains

62 DEAD AND 120 BADLY INJURED

Terrible Loss of Life on the Heavy Eastbound Train Due to the Fact that the Second Coach Ploughed Into the Bank and Other Cars were Jammed Into it by the Heavy Pullmans.

Knoxville, Tenn., Special.—Running on a roadbed in a supposedly high condition of maintenance and having about them every safeguard known to modern railroading, two trains of the Southern railway carrying heavy lists of passengers, came together in a frightful head-end collision near Hodges, Tenn., Saturday, sending 62 people to death and injuring 120, several of whom will probably die. This appalling loss of life and maiming of the living resulted, apparently, from the disregarding of orders given to the two trains to meet at a station which has for a long time been their regular meeting point. The claim of failure to see either the station or signals cannot be set up by the engineer of th ewestbound train were he alive to enter plea of defense. As the accident happened in broad daylight, and according to the best information obtainable, he had the orders in a little frame in front of him as his monster of iron and steel rushed by New Market and soon after came upon an eastbound passenger train No. 12, making for New Market in compliance with instructions to meet the westbound train which carried the sleepers from the East for Knoxville, Chattanooga and other Southern cities.

CAUSE OF THE WRECK.

The possibility exists that the ill-fated engineer may have been asleep or that death had suddenly taken the sight from his eyes before New Market was reached. But nothing is known save that the orders were not obeyed. The trains were on time and not making more than 35 miles an hour, yet the impact as they rounded a curve and came suddenly upon each other was frightful. Both engines and the major portions of both trains were demolished, and why the orders were disregarded or misinterpreted probably will never be known, as the engineers of the two trains were crushed, their bodies remaining for hours under the wreckage of the monster locomotives, which, but a short time before, had leaped forward at the touch of their strong hands upon the throttle.

Some of the bodies have not been recovered, and many remain unidentified.

Unidentified Baby, found Sunday.
Two Unidentified Bodies found Sunday.

A force of 150 men toiled all day long at the scene of the wreck. Before 2 o'clock Sunday morning the track was clear for through trains, but it required many hours to clear the debris. Engineers Parrott and Kane were found beneath their engines, but their bodies were not crushed badly. Small fragments of bodies were found in many places, but it is thought that they belong to bodies already found and brought to this city. One little baby was found by the wreckers.

LOSS OF LIFE EXPLAINED.

The cause of the terrible loss of life in the heavy east-bound train was explained. It seems that the second coach ploughed its way into a bank in which other cars were jammed, and, pushed on by the weight of heavy Pullmans were crushed like egg shells.

Physicians at the hospital state that of the long list of injured which they have in their care it is probable that not more than four will die. The complete list of injured, as given out by the railroad officials show a total of 162, but this includes all persons who were only slightly hurt or scratched.

Militia Leave Trial.

Huntsville, Ala., Special.—On the advice of Judge Speak, of the Circuit Court, orders were received today for the militia to break camp and return to Birmingham. The guard at the jail was taken off at noon and the company left for home tonight. It is extremely improbable that there will be any more trouble during the trials of alleged lynchers.

French Workmen at St. Louis.

New York, Special.—A delegation of Frenchmen sent at the expense of the French government to the St. Louis Exposition arrived Sunday on board the French Line steamer La Bretagne, from Havre. The industries represented are the manufacture of musical instruments, cotton, shoes, hats, machinery, tools and railroad supplies. There are also representatives of national labor organizations and experts in mail distribution. Mr. Mekin Albert, professor at the French colonial and naval cadet school, heads the delegation of workmen.

Dies of His Wounds.

Cleveland, Ohio, Special.—Lloyd F. Harris, associate editor of The Cleveland Tribune, who was shot in the office of that paper, Thursday evening, died at Lakeside Hospital Saturday night. An hour after Harms' death, John Stanton, who shot him, was rearrested and locked up on a charge of murder. The shooting was the result of an article which appeared in The Tribune.

Americans Not Served.

In a number of the leading stores of Edinburgh and Glasgow there is a notice: "Americans not served here." Yankee shoppers used to cause the proprietors and their assistants to turn their shops topsy-turvy until they looked like a rummage sale (bargain counter not in it), and then would elevate their noses and "guess we'll try somewhere else." Hence the notice.

Cholera at Port Arthur?

St. Petersburg, By Cable.—Although no confirmation has been received at this hour at either the War Office or the Admiralty of the report from Tsingtau, that cholera had broken out at Port Arthur, it is admitted that it is possibly true, owing to the terribly unsanitary conditions around the fortress, arising from the number of decaying corpses there. But until confirmation is received, the Tsingtau telegram will not be given out to the press, in order to avoid causing needless alarm among the relatives of the brave defenders. The announcement, none the less, has caused the deepest concern.

Citizens Resent Outrages.

Macon, Ga., Special.—A special to The Telegraph from Talbotton says:

"A mass meeting was held at the court house here today which was attended by prominent citizens from every portion of the county to take the necessary steps to apprehend and prosecute the parties who shot the two negroes. Resolutions were passed favorable to law and order, and the Governor was requested to offer a reward for the arrest of the guilty parties."

MUSTER OUT MILITIA COMPANY

Recommendation of the Court of Inquiry in the Huntsville Lynching Case.

Montgomery, Ala., Special.—Governor Cunningham Monday received the report of the military court of inquiry appointed to investigate the conduct of Company F, Alabama National Guard, which was overpowered by the mob at Huntsville, Ala., that lynched Horace Maples, a negro.

The report, which is signed by Col. T. S. Fraser, Captain E. D. Smith and Captain W. F. Vaiden, recommends that Company F be mustered out for inefficiency and that in the future all officers be required to pass an examination on the State military law before receiving commissions. October 14 was the date fixed for the mustering out of the command.

The court found that Captain R. L. Hay had no definite plan of action, and that most of the men had no load in their guns, though plenty of ammunition was to be had; also that one sentinel was overpowered and badly hurt by the mob.

It was also found that members of the military company were cursed and assaulted by the mob after fire was set to the jail and that they lost their military identity in the crowds.

It was further found that the attack on the jail found the military sitting around on the steps and curbstones eating supper, also that on the night of the mob there was an entire lack of concerted effort or plans for the protection of the jail or prison.

The report concludes by saying:

"The combined shortcomings of the military allowed a life to be taken unlawfully by a mob under circumstances which justify us in concluding that the same could have been prevented, thereby reflecting serious discredit upon the military called into the service."

Insult to the Pope.

Rome, By Cable.—The Pope has addressed to the cardinal vicar a protest against the congress of free thinkers held here last week. The text was published in the Observatore Romano this evening, with a letter from the cardinal vicar inviting Catholics to attend a service of atonement to be held in all the leading bascilicas of Rome on Thursday next. The Pope, in his letter to Cardinal Respighi, says:

"A new cause of bitterness has been added to the many anxieties which, especially in our times, accompany the government of the Universal Church. We have learned with infinite sorrow that it is asserted that the cultivators of the free thought have met in Rome, while the painful echo of their speeches is unfortunately confirmed grim designs. Intelligence is the noblest gift the Creator has granted us, but it becomes sacrilligious when subtracted from the Almighty, or rejects the direction and comfort of divine truth."

The Pope says the insult was rendered more grave by the free-thinkers meeting in Rome, the city which had been destined as a depository of the faith, thus taking from Rome its designation as the tranquil, respected See of Christ's Vicar. "We," therefore," the Pope added, "will make ours the offence offered to God, gathering in our heart all its bitterness."

The Pope recognizes that even on this occasion God sent comfort through the manifestation of filial affection received yesterday from the one thousand of the Catholic association of the French youths, but he wishes to have in Rome a solemn function of atonement for the outrage to Divine Majesty and for the vindication of the honor and good name of the city.

To Attend Georgia Day.

Atlanta, Ga., Special.—A special bearing Governor Terrell and his staff left for St. Louis over the Nashville, Chattanooga & St. Louis Railroad today. Governor Terrell goes to attend Georgia day, September 28, at the fair. The party is in charge of Captain James W. English, Jr., chief of the Governor's staff.

Assassination in Tennessee.

Knoxville, Tenn., Special. — Sam Dearmond, a prominent citizen of Kingston, the county seat of Roane county, Tenn., was assassinated by an unknown man at 9 o'clock tonight while passing the court house at that place. The sheriff and posse of deputies, who are hunting for the murderer, claim to have a slight clue. Dearmond was killed with a shotgun, and his assassin could not have been more than six or eight feet from him when he fired, for the lower part of the neck are entirely torn away. Dearmond was 35 years old and connected with one of the most influential families of Roane county.

Well Known Washingtonian a Bankrupt.

Washington, Special.—Chief Justice Clabaugh, of the District Supreme Court, today adjudged Thomas E. Wagaman a bankrupt, and Andrew Y. Brayley, of this city, was appointed referee. Mr. Wagaman is the former treasurer of the Catholic University of America, and a well known business man of this city, who recently filed papers in court announcing his inability to meet obligations.

Judge Parker Writes His Formal Letter to the Committee

MEETS ROOSEVELT'S CHALLENGE

Quoting From His Opponent's Letter a Query Whether He Will Revoke the Executive Pension Order if Elected, He Declares that He Will Do so and Urge a Lawful Equivalent.

The letter of acceptance of Judge Parker has been given out, and is in substance as follows:

To the Honorable Champ Clark and Others, Committee, Etc., Gentlemen:

In my response to your committee, at the formal notification proceedings, I referred to some matters not mentioned in this letter. I desire that these be considered as incorporated herein, and regret that lack of space prevents specific reference to them all. I wish here, however, again to refer to my views there expressed as to the gold standard, to declare again my unqualified belief in said standard, and to express my appreciation of the action of the convention in reply to my comunication upon that subject.

Grave public questions are pressing for decision. The Democratic party appeals to the people with confidence that its position on these questions will be accepted and endorsed at the polls. While the issues involved are numerous, some stand forth pre-eminent in the public mind. Among these are: Tariff reform, imperialism, economical administration and honesty in the public service. I shall briefly consider these and some others within the necessarily prescribed limits of this letter.

IMPERIALISM.

While I presented my views at the notification proceedings concerning this vital issue the overshadowing importance of this question impels me to refer to it again. The issue is oftentimes referred to as Constitutional vs. Imperialism.

If we would retain our liberties and constitutional rights unimpaired, we cannot permit or tolerate, at any time or for any purpose, the arrogation of unconstitutional powers by the executive branch of our government. We should be ever mindful of the words of Webster, "Liberty is only to be preserved by maintaining constitutional restraints and a just view of political powers."

Already the national government has become centralized beyond any point contemplated or imagined by the founders of the constitution. How tremendously all this has added to the power of the President! It has developed from year to year until it almost equals that of many monarchs. While the growth of our country and the magnitude of inter-State interests may seem to furnish a plausible reason for this centralization of power, yet these same facts afford the most potent reason why the Executive shall not be permitted to encroach upon the other Departments of the government, and assume legislative, or other powers, not expressly conferred by the constitution.

The magnitude of the country and its diversity of interests and population enable a determined, ambitious and able Executive, unmindful of constitutional limitations and fired with the lust of power, to go far in the usurpation of authority and the aggandizement of personal power before the situation could be fully appreciated or the people be aroused.

The issue of imperialism which has been thrust upon the country involves a decision whether the law of the land or the rule of individual caprice shall govern. The principle of imperialism may give rise to brilliant, startling, dashing results, but the principle of Democracy holds in check the brilliant Executive and subjects him to the sober, conservative control of the people.

The people of the United States stand at the parting of the ways. Shall we follow the footsteps of our fathers along the paths of peace, prosperity and contentment, guided by the ever-living spirit of the constitution which they framed for us, or shall we go along other and untried paths, hitherto shunned by all, following blindly new ideals, which, though appealing with brilliancy to the imagination and ambition, may prove a will o' the wisp, leading us into difficulties from which it may be impossible to extricate ourselves without lasting injury to our national character and constitutions?

THE TARIFF AND TRUSTS.

Tariff reform is one of the cardinal principles of the Democratic faith, and the necessity for it was never greater than at the present time. It should be undertaken at once in the interest of all our people.

The Dingley tariff is excessive in many of its rates, and, as to them at least, unjustly and oppressively burdens the people. It secures to domestic manufacturers, singly or in combination, the privilege of exacting excessive prices at home and prices far above the level of sales made regularly by them abroad with profit, thus giving a bounty to foreigners at the expense of our own people. Its unjust taxation burdens the people generally, forcing them to pay excessive prices for food, fuel, clothing and other necessaries of life. It levies duties on many articles not normally imported in any considerable amount, which are made extensively at home, for which the most extreme protectionist would hardly justify protective taxes, and which in large amounts are exported. Such duties have been and will continue to be direct incentive to the formation of huge industrial combinations, which secure from foreign competition, are enabled to stifle domestic competition and practically to monopolize home market.

TRUST REMEDIES.

I pointed out in my earlier response the remedy, which in my judgment, can effectually be applied against monopolies, and the assurance was then given that if existing laws, including both statute and common law, proved inadequate, contrary to my expectations, I favor such further legislation, within constitutional limitations, as will best promote and safeguard the interest of all the people.

Whether there is any common law which can be applied and enforced by the Federal Courts, cannot be determined by the President, or by a candidate for the presidency.

RECIPROCY.

In my address to the notification committee I said that tariff reform "is demanded by the best interests of both manufacturer and consumer." With equal truth it can be said that the benefits of reciprocal trade treaties would enure to both. That the consumer would be helped is unquestionable. That the manufacturer would receive great benefit by extending his markets abroad hardly needs demonstration. His productive capacity has outgrown the home market. The very term "home market" has changed in its significance. Once, from the manufacturers' point of view, it meant expansion; today the marvelous growth of our manufacturing industries has far exceeded the consumptive capacity of our domestic markets, and the term "home market" implies contraction rather than expansion. If we would run our mills to their full capacity, thus giving steady employment to our workmen and securing to them and to the manufacturer the profits accruing from increased production, other markets must be found. Furthermore, when our manufacturers are dependent on raw materials in whole or part imported, it is vital to the extension of their markets abroad that they secure their materials on the most favorable terms.

The persistent refusal of the Republican majority in the Federal Senate to ratify the reciprocity treaties negotiated within the prescribed limitation of two years, in pursuance of the policy advocated alike by Mr. Blaine and Mr. McKinley, and expressly sanctioned in the Dingley act itself, is a discouraging exhibition of bad faith. As already mentioned by me, the exorbitant duty imposed on many an imported article by the Dingley tariff was avowedly intended by its author not to be permanent, but to serve temporarily as a maximum, from which the Federal government was empowered to offer a reduction, in return for an equivalent concession on the part of a foreign country. President McKinley undertook honestly to carry out the purpose of the act. A number of reciprocity agreements were negotiated which, if ratified, would have had the two-fold result of cheapening many imported products for American consumers, and of opening and enlarging foreign markets to American producers. Not one of those agreements has met with the approval of the Republican masters of the Senate. Indeed they did not even permit their consideration. In view of the attitude of the present Executive no new agreement under the general treaty powers need be expected from him. Nor does the Republican platform contain a favorable reference to one of the suspended treaties. This section of the Dingley act stands forth as a monument of legislative cozenage and political bad faith.

INDEPENDENCE FOR THE FILIPINOS.

In some quarters it has been assumed that in the discusion of the Philippine question in my response, the phrase "self-government," was intended to mean something less than independence. It was not intended that it should be understood to mean, nor did I think as used it does mean less than indepnedence. However, to eliminate all possibility for conjecture, I now state that I am in hearty accord with that plank in our platform that favors doing for the Filipinos what we have already done for the Cubans; and I favor making the promise to them now that we shall take such action as soon as they are reasonably prepared for it. If independence, such as the Cubans enjoy, cannot be prudently granted to the Filipinos at this time, the promise that it shall come the moment they are capable of receiving it will tend to stimulate rather than hinder their development. And this should be done not only in justice to the Filipinos, but to preserve our own rights; for a free people cannot withhold freedom from another people and themselves remain free. The toleration of tyranny over others will soon breed contempt for freedom and self-government, and weaken our power of resistence to insidious usurpation of our constitutional rights.

Paragraphs touching upon the Panama question, American shipping, army and navy, pensions, and foreign relations go fully into these subjects.

CONCLUSION.

I have put aside a congenial work, to which I had expected to devote my life, in order to assume, as best I can, the responsibilities your convention put put upon me.

I solicit the cordial co-operation and generous assistance of every man who believes that a change of measures and of men at this time would be wise, and urge harmony of endeavor as well as vigorous action on the part of all so minded.

The issues are joined and the people must render the verdict.

Shall economy of administration be demanded or shall extravagance be encouraged?

Shall the wrongdoer be brought to bay by the people, or must justice wait upon political oligarchy?

Shall our government stand for equal opportunity or for special privilege?

Shall it remain a government of law or become one of individual caprice?

Shall we cling to the rule of the people, or shall we embrace beneficent despotism.

With calmness and confidence, we await the people's verdict.

If called to the office of President, I shall consider myself the chief magistrate of all the people and not of any faction, and shall ever be mindful of the fact that on many questions of national policy there are honest differences of opinion. I believe in the patriotism, good sense and absolute sincerity of all the people. I shall strive to remember that he may serve his party best who serves his country best.

If it be the wish of the people that I undertake the duties of the presidency, I pledge myself, with God's help, to devote all my powers and energy to the duties of this exalted office.

Very truly yours,
ALTON B. PARKER.

NORTH CAROLINA CROP BULLETIN

Fall Sowing of Small Grains Now in Progress in Many Sections.

The temperatures during the past week were quite low, and their average was several degrees below the weekly normal. The days were generally fair and pleasant, but the nights were abnormally cool, especially during the middle of the week, when light frost occurred at a number of scattered localities, which fortunately resulted in no damage. The rainfall was light and of no consequence; it occurred during the early part of the week and was confined to a few scattered places in the eastern half of the State. In the western district there has been no rainfall for several weeks and the late crops are beginning to suffer for want of moisture, while the soil is becoming too hard for fall plowing and sowing; but in the eastern and central districts it is in excellent condition and plowing and the other farming operations are actively pursued, while the weather continues fair and favorable. Fodder pulling is about over, but haying is active in all sections, and both meadow and pea vine hay are being saved in good condition. With but few exceptions cotton is opening rapidly and picking is general. The present indications point to a decided shortage in the crop. Tobacco curing is about over. Corn is maturing well and the crop is generall good. The growth of turnips and fall potatoes has been checked somewhat by the prevailing cool nights, but the stands are about as promising as heretofore. Peanuts are doing well and preparations are being made for digging, which will shortly commence. Peas will not be as plentiful as previously expected; there is a general complaint that the pods are few. Grapes are ripening rapidly in the eastern district and are quite plentiful. The apple crop in the western district will be much better than estimated several weeks ago.

Rains (in inches) for the week ending 8 a. m. today: Raleigh, 0.69; Wilmington, 0.52; Charlotte, a trace; Asheville, a trace; Hatteras, 0.80; Goldsboro, 0.36; Greensboro, none; Lumberton, none; Newbern, 0.20; Weldon, 0.01; Nashville, a trace.

Killed His Wife and Suicided.

Kernersville, Special—Monday morning about 7 o'clock Lewis Carmichael, a carpenter living here, killed his wife, attempted to kill his 12-year-old daughter and fatally shot himself through the brain, after cutting his throat. Carmichael cut his wife to death with a razor. There were no eye-witnesses to the dreadful scene.

Neighbors were attracted to the house by screams. While running to the house they met Mrs. Carmichael staggering away from the house, a few steps out in the yard. She was partially dressed and soon fell dead in a pool of her own blood. At this juncture shots fired from inside the house diverted the minds of the speechless and horrified neighbors to fearful anticipations of something else tragic, which was found to be that Carmichael had shot and cut himself as above stated. The daughter is the only witness to the affair and her condition at present does not permit your correspondent to ascertain the details from her any further than has been stated.

Carmichael was an habitual drunkard and has beaten and mistreated his wife often before and was recently jailed and fined for striking her a serious blow on the head with a stick. The dead woman had the reputation of being a good dutiful wife, and a Christian. Your correspondent was told that several gentlemen who arrived upon the scene came with revolvers and other arms to shoot the murderer, if it should be found necessary, for the protection of the beaten and suffering woman.

The place of the tragedy is a cottage near the station and at the time of the tragedy a crowd of Woman's Christian Temperance Union Delegates to the State Convention, which met here, were waiting for the train. Some of these noble women viewed the sad spectacle of the mutilated body of the poor woman lying in her room, while the body of the poor drunkard was gasping his last in the other room. The daughter will recover.

Picking Cotton by Moonlight.

Augusta, Ga., Special.—On account of the scarcity of hands and to get cotton on the market early, a number of large planters of this section are making arrangements to run day and night forces in the field. They will start picking in the staple by moonlight. The pickers are exceedingly scarce and to work only in day time will keep the staple in the field too long.

General Orloff Delinquent.

St. Petersburg, By Cable.—The Associated Press learns on unquestionable authority that Major General Orloff, who has hesitancy in leaving Yentai to join in the attack on Sikwantun, will join General Kuropatkin's left, and that he may be retired. The detachment of General Orloff was ordered by General Kuropatkin, who has full power to do so without resorting to a courtmartial. The official report that Brigadier General Fomin, of General Orloff's division, was dead and the subsequent development that he is only severely wounded, reveals the extent of the confusion into which General Orloff's division was thrown. General Fomin is in a hospital at Harbin.

Minor Events.

After a fight of nine months waged by the white messenger boys, the negro messenger service of the Western Union at Richmond, Va., has been abandoned and the white service restored.

Two negroes were killed and three were fatally wounded in a race riot near Lynchburg, Miss., 15 miles south of Memphis, Tenn., late yesterday.

A commission was issued the Batesburg Telephone Company, witn $500 capital, and W. P. Timmerman and J. F. Kneece as petitioners.

A FURIOUS ASSAULT

Japanese Still Pegging Away At the Russian Stronghold

GREAT LOSSES AT PORT ARTHUR

Russian Mines Blow Up Whole Battalions, But the Japanese Persevere in the Determination to Finish the Work.

Paris, By Cable.—The Martin's St. Petersburg correspondent telegraphs as follows:

"Telegrams of which the general staff have as yet no knowledge reached the Emperor at 4 o'clock Saturday morning. I can affirm that they concern Port Arthur, regarding which place the greatest anxiety prevails at court. The Japanese are now engaged in a general assault, which is more furious than its predecessors, attacking the town on three sides simultaneously and employing their whole forces, being determined to finish the business. Russians mines blew up whole battalions. General Fock especially distinguished himself, directing the fire from the wall which the Japanese reached after indescribable massacre.

"The whole of Admiral Togo's and Vice Admiral Kamimura's squadrons are aiding the struggle, which, it is feared here, will be final. The besieged forces are fighting as in a furnace. A perfect storm of shell is falling on the town, port and fortress from the whole hill and roadstead. General Stoessel is going from fort to fort, encouraging the defenders in their desperate efforts.

"In St. Petersburg the facts concerning the tragic event, which perhaps will terminate by a glorious fall of Port Arthur, are wholly unknown. At court hope has not yet been entirely abandoned.

Russians Use Balloons.

Mukden, By Cable—The Russians are using war balloons southeast of Mukden, for the purpose of observing the movements of the Japanese in that direction. The line of outposts established by the Japanese is so effective that not even the Chinese have been able to penetrate it. It is impossible, therefore, to say definitely how Marquis Oyama has disposed his forces. It is believed that General Kuroki's army stretches from Benshu to Bentsiputze, and the armies of Generals Oku and Nodzu from Yentai along the high road and railroad to Shapepu, sixteen miles south of Mukden, while a fourth army is moving from Dziantchan across the Da Mountains. All these roads converge at Mukden. Of the four armies, those of Oku and Nodza are nearest Mukden, and their progress will have to be slackened in order to permit Kuroki and the flanking columns time to come up. Meanwhile, Oku and Nodzu have command of the railroad. Supplies of grain and ammunition are carried from Yentai over heavy roads exposed to capture by enterprising Cossack raiders. There has been an improvement in the weather, which has been of great help to the Japanese.

Imperial Tombs Endangered.

St. Petersburg, By Cable.—A brief telegram was received from Lieutenant General Sakharoff, announcing the advance of the Japanese from Bentsiaputze on the village near Fu Pass, east of Mukden and the site of the imperial tombs, which is likely to revive the fears expected at Pekin that an engagement may be fought at the burial place of the Manchurian dynasty. No mention is made of resistance to the advance, but it is not believed this indicates that the Russians do not intend to further oppose the march of the Japanese on Mukden. It probably signifies that the Japanese force is using the small road to Fu Pass, between the highways leading to Mukden and Fushun, with the intention of isolating the Russian columns guarding Fushun.

The Japanese are still trying to turn General Kuropatkin's left flank, but there is no indication of their moving west of the Hun river.

Sinmintin is still held by the Cossacks.

Fatal Poisoning.

Augusta, Ga., Special.—Rev. Byron Woodward, pastor of North Augusta Baptist Church, is in a critical condition and his wife died, as a result of ptomaine poisoning. Three days ago they were taken violently ill after eating canned goods which had been opened and left standing over night. Their two children were not affected.

One Candidate Stabs Another.

Macon, Ga., Special.—A special to The Telegraph from Waycross says that Dr. J. M. Spence, Representative from Ware county, was probably fatally stabbed near Waresboro, by J. R. McDonald, who is opposing him as an independent. It is said that Spence went to McDonald's home for the purpose of forcing him to sign affidavits withdrawing certain charges, and the affray followed. It is claimed that a friend of McDonald's held a pistol on Spence while McDonald was stabbing him. Owing to the prominence of the parties concerned, there is considerable excitement over the affair.

Spain Stops Russian Cruiser From Coaling.

Las Palmas, Canary Islands, By Cable.—The Russian cruiser Terek, which has been stopping British vessels in the vicinity of Gibraltar, commenced coaling here yesterday, but on orders received from Madrid, she was stopped from coaling and was ordered to leave here during the morning. Her commander replied that he was unable to put to sea, owing to the Terek's engines needing repairs. She was, however, forbidden to take on board any more coal or any water or stores.

JUDGE PARKER'S LETTER OF ACCEPTANCE.

Judge Alton B. Parker's letter accepting the Democratic nomination for President was made public Sunday. One of the main features of the letter is its discussion of the tariff. It pleads for reciprocity and ignores the fact that the Democrats in 1894 annulled all the reciprocity treaties. Parker declares for incidental protection, and declares that incidental protection is Democratic doctrine. But the Democratic platform adopted at St. Louis declared in favor of "a tariff for revenue only" and further declared that "protection is robbery." It will be seen that Judge Parker's views on the tariff are inconsistent with the declarations of the convention that nominated him. His position on the trust question is very mild, and it will not be likely to cause the trusts to regret their contribution to the Democratic campaign fund. At first we were led to believe that Judge Parker was in favor of giving the Filipinos the right of "self-gouernment," without further delay, but he now says that he is in favor of taking such action "as soon as they are reasonably "prepared for it," which is not unlike the Republican position on this question, save that Parker seems to advocate making a positive promise to the Filipinos of independence at some future time whereas the President rightly interprets human nature and foresees that such a promise would lead to impatience, unrest and finally to the couclusion among the half civilized people that America had violated this promise, because so long delayed. This decision would lead to a train of evil consequences, the far-reaching effects of which cannot now be fully estimated. Any one accustomed to managing children or others of inferior intelligence or imperfect development will readily see the wisdom of President Roosevelt's position and the fallacy of Mr. Parker's reasoning on this subject.

A circumstance which illustrates the inconsistency of the Democratic position is the fact that they deny self government to the southern negroes who have had the civilizing influence of contact with the white man for four hundred years, and the educational advantages offered by the southern public schools and colleges for more than forty years, and yet these are incapable, in their estimation, while the denizons of the Phillipine jungles are spoiling for self-government after five years' occupation of their country by civilized America.

DEMOCRACY AND TRUSTS.

The Democratic leaders say that the voters should have faith in Parker even if they do know little of him. While they know very little of Parker, they know too much of the men that secured his nomination. The trusts secured his nomination and if elected he will naturally be dominated by them. In fact nearly all the leaders in the party this year are trust magnates or their attorneys Take their National Executive Committee,—Mr. De Lancey Nicoll, the vice chairman, is a corporation lawyer of New York; August Belmont is a New York banker and railroad man; J. M. Guffey, the Democratic leader of Pennsylvania, is an oil magnate; John R. McLean, of Ohio, is a multi-millionaire; ex-Senator Smith, of New Jersey, and Senator Martin, of Virginia, own interest in several large corporations. Mr. George Foster Peabody, treasurer of the National Committee; is a Wall street banker, and even Davis, their candidate for Vice-President, is a multi-millionaire, having made his money from being associated with large corporations. It will be seen that the committee represents nearly all the trusts in the United States and what they do not represent the State Democratic Committee of New York completes the list. The chairman of the state committee is one Cord Meyer, of Brooklyn, one of the most prominent figures in the "Sugar Trust;" the chairman of the State Executive Committee, Patrick McCarren, is associated with two or three of the largest trusts and combines in the country. In view of these facts it is too much for Democrats to ask of an intelligent voter (who does not own a trust) to vote for Parker and the Democratic ticket this year, for as the Review of Reviews says, "all of a sudden, from being the poor man's party, the Democracy has become the most dazzling plutocratic political organization any country has ever known."

So after all, it is possible that Judge Parker will not be without a job after November 8th. One M. L. Shipman, of Hendersonville, N. C., editor of the Hustler, was one of the editors to accompany Mr. Josephus Daniels to Judge Parker's home, where the Judge made them a short talk. And it is now stated that Mr. Shipman will offer Mr. Parker $5,000 a year to write for the Hustler, exclusively. By the way, did those negro editors that wanted to attend Mr. Daniels' banquet, accompany him to Rosemount to see Judge Parker?

"A contemporary complains because Judge Parker's letter does not dilate upon the negro question. The negro question is not an issue in this campaign, and Judge Parker is too sensible a man to deliberately dig up a skeleton for the purpose of hearing the bones rattle. He deals only with living issues."—Raleigh Post.

If the above is true, then why does the Democratic candidate for Governor and his cohorts continue to howl about the negro question? Is it because they do not know any better, or is it because they prefer dealing with dead things?

A dispatch from New York states that David B. Hill is engaged to Miss May Irwin, actress, and will be married in January. This possibly explains why the show girls visited Rosemount and declared their intention to do all they could for Parker, who is Hill's candidate for President.

Some of the Southern Democrats are trying to revive the negro howl again this year. But if you will notice, you will see that the Democratic leaders are sending their spellbinders in the states where the largest negro votes are cast, with a hope of capturing their vote.

The News and Observer says that much property in North Carolina is taxed at an absurdly low rate. All who believe that willplease stand on their head.

"Will the Demotrats be sensible?" asks the Chicago Tribune. Well, it is difficult to teach an old dog new tricks. Washington Post.

It is difficult to tell whether the Democratic leaders are owned by the trusts, or whether the trusts are owned by the Democratic leaders.

Some of the Reasons.

Clinton Caucasian.

Our neighbor, the Sampson Democrat, in its last issue, seems to wonder why any Populists will vote the Republican ticket. We are glad to enlighten the brother. First, because your Democratic party, having worn out all the old planks in its platform, came over and by force of arms, or by secret conversion, took up all the planks in the National Popnlist platform and appropriated them to your own use, and by patching up your own platform made it respectable for the two platforms of 1896 and 1900. You did not leave the Populist platform a single plank. You took them all—Free Silver, Anti Trust, Government ownership and all.

You might have elected your candidate for President at these elections, but the people knew you had stolen or converted to your own use the Populist's platform, and that your party was not therefore honest, and the people would not vote for a party that was not fair or honest, and so your Democratic party was repudiated at the polls.

The Populist party had to submit to your taking their platform and you would not even give it up after the election, but even went away out West and got old General Weaver, the Populist candidate for President, and made a Democrat out of him and had him at St. Louis with the remains of the old Populist platform you had feloniously taken. Not satisfied with that you took Towne, Guthrie, Jerry Simpson and others, but the great mass and file of the Populist voters did not care to chase you into the ranks of your party for your ill-gotten platform and principles and rather chose to ally themselves with the Republican party in State and nation. Whatever may be said of the past history of the Republican party, we do not know, and do not care. We judge a party as we do men, not by any errors they have made in the past but for what they are doing at the present and endeavoring to do for the future. The Republican party in North Carolina stands for honesty and clean, economical government. When they had charge of the State government in North Carolina in 1896 to 1898 they gave North Carolina the best school law the State ever had. They provided abundantly for every State institution. They provided pensions for the Confederate soldier. They provided for all the county and township officers to be elected by the people. They gave us the first honest election law the State has had in 25 years. They did all this and more, but did not increase taxes or sell bonds, but left more than one hundred thousand dollars in the State treasury turned over to the Democrats. The Democrats in turn have spent all of this money, increased taxes, plunged the State in debt, issued boads for us and our children to pay, placed incompetent officials in charge of the State's property—the A. & N. C. R. R.—and brought a great scandal on the State. The Governor has largely undone the work of the courts by pardoning more criminals than any other Governor. More crime and outrages have been committed in North Carolina in the past four years than in a decade before. This is not half the list, but it is sufficient to answer our brother why we cannot and will not vote the Democratic ticket in State and nation Of course the great bulk of the business men of the country will not vote the National Democratic ticket, for they will not take chances on another famine and panic. The country is now prosperous, prices are good, and labor is well paid. The United States has taken first rank in the nations of the earth for wealth, statesmanship and diplomacy. She has won in every conflict with other nations in peace and no great number of sane Americans desire to change the reins of the government to a party that on all occasions proves itself a failure. Did you ask why we will vote the Republican ticket in North Carolina? Well, the above is our answer and we can furnish you more reasons if you desire.

From Our Point of View.

Ah! Parker runs but runs in vain,
His loss is our eternal gain;
He's striving hard to win the race,
Defeat is stamped upon his face.

The 'Unknown Quantity" should yield
And bow his head and quit the field;
For keen will be the pain that's felt
When he is downed by Roosevelt.

He tries to wear a pleasant face,
But all his smiles are out of place;
When he has fallen in the dust,
His friends will bury him I trust

Some Squibs of Interest We Have Gathered With Our Paste-Pot and Shears.

The Democrats now say the money question is settled.—Ask them who settled it.—Chatham Citizen.

Thirsty Democrats have to content themselves with hard cider and peruna.—Chatham Citizen.

As a matter of fair play, Mr. Morgan has as much right to call upon President Roosevelt as Mr. Belmont has to visit Judge Parker.—Washington Post.

The Democrats of Caswell county have nominated county and legislative tickets composed of men who are opposed to the Watts law.—Exchange.

A telegram from New York says that the identity of the persons called into conference with Judge Parker is not disclosed. We hate to think that the Judge is quietly returning the call of those chorus girls who recently visited him at Esopus.—Washington Post.

Mr. Watson, Presidential candidate of the People's party, says of Democracy: "Stealing the platform of the People's party in 1896; stealing that of the Republicans in 1904, how can Democratic leaders now pretend to lead a party based upon convictions?"—Exchange.

More Uncle Remus Stories.

Joel Chandler Harris has finished a new series of Uncle Remus stories and verses upon which he has been working. They will appear in one of the monthly magazines, and will be published by McClure Phillips in 1905.

Bob Glenn, who went up and down the state for nearly a decade warning the people against the gold standard and predicting all manner of evil that would befall the country if it was ever fastened upon the people, is now telling them that the gold standard is the best thing there is in politics and that it is "irrevocably fixed," and he is the Democratic candidate for Governor—but Glenn stands "pat" on the red-shirt "nigger" question.—French Broad Pilot.

WATSON SCORES JONES.

Accuses Democrats of Abandoning Principles—Parker's Heavy Burden.

Houston, Sex, Sept. 23.—Hon. Thomas Watson, Populist nominee for President, tonight delivered an address to a great crowd of people assembled here from the surrounding country, excursions having been run to swell the number of his audience, Mr. Watson is still suffering from an indisposition and appeared weak. He was given close attention. He said in part:

"Senator James K. Jones, of Arkansas, found his voice a few days ago and spoke his little piece. The People's party, says Jones, is working for the Republicans. He declares that in my Atlanta speech a preference was expressed for Roosevelt as against Parker. Neither in my Atlanta speech nor in any other have I made any such declaration.

"Poor Parker! His burdens were already heavy. Too much Cleveland, too much Hill, too much Belmont, too much McCarren, too many slights put on Tom Taggart, too much Gorman, too much jugg ling with the old English language, too much foxiness generally—but when Jones of Arkansas tottered up we could almost see the same old pick and spade and shovel with which he dug the graves for the Democratic National candidates in the memorial campaigns of 1896 and 1900,

"If our campaign hurts the Democratics most this year, that is not our fault. It is the fault of Joens and all the others who sold out the principles of Democracy to Wall street at St Louis. Had Jones and his crowd readopted the Omaha platform, or something similar, and then nominaten some such real Democrat as Hearst or Bryan, the People's party could not have done business in 1904 at all. It was the astounding betrayal of Democratic principles by Jones, Hill & Co., which gave the People's party the opportunity to renew the fight for Jeffersonian Democracy. Inasmuch as we are now advancing the same principles which Bryan Democrats advocated for the eight years, it seems a little hard that we should be abused as 'Assistant Republicans.' If anybody has sold out it would be reasonable to suppose that it was the crowd who dropped their principles. We have not dropped ours."

A Campaign Lie Answered.

To the Republicans of North Carolina:

The Democratic papers and the Democratic speakers are making the statement that the TEMPERANCE PLANK in the Republican State platform which I am sending out has been changed, and is not a copy of the PLANK as it was adopted by our state convention. THIS CHARGE IS ABSOLUTELY FALSE, and without foundation and simply shows to what desperate straits the Democratic politicians are driven for an issue. The Platform published in the Raleigh Post, on the morning of May 19th (the day after the convention) was printed from a rough draft which was handed to Mr. Pence, the reporter, before the convention was called to order on May 18th, and thinking it would be adopted as prepared he mailed it to the Post, without waiting for the convention to act upon it. The platform as drafted was amended by the committee on platforms and resolutions and adopted by the convention as reported by the committee and the platform I am sending out is an AN EXACT COPY of the platform adopted by our convention. The attached letters from Hon. T. T. Hicks, Hon H. C. Cowles and Prof. J. J. Britt are self explanatory and corroborate what I have stated.

Very truly,
THOMAS S. ROLLINS,
Chm. Rep. State Ex. Com.

The Republican Temperance Plank Explained by Members of the Committee on Platforms.

Henderson, N. C., Sept. 8.
To the Editor of The Morning Post:

I have read in this morning's Post the accusation that the Republicans have changed and are issuing a different platform than the one adopted by the convention of May 18th. The facts are that the platform as published in the Post and News and Observer of the 19th of May was offered in committee, of which I was a member. I moved that the following be struck out: "But we denounce the Democratic Legislature for the enactment of the Watts law, for the reason that it was conceived and enacted for political advantage, under the guise of temperance reform, and for its unjust and unfair discrimination in conferring rights and privileges upon the inhabitants of incorporated towns and cities which it denies to the citizens of the country."

There was considerable discussion upon it, participated in by Messrs. H. L. Grant, Judge Robinson, Hon. C. A. Reynolds, Prof. J. J. Britt and myself, and nearly all the other members of the committee, after which my motion prevailed, and the words I have quoted were not reported nor read to the convention nor adopted as a part of the platform, but were marked around or cancelled. I was surprised on seeing them in the published platform the next day and was about to publish a correction, but I doubted if one would be printed, and seeing that it was printed correctly in Republican papers at once as reported and adopted, I thought to let the matter rest, until seeing your accusation, I request the publication of this statement.

Yours truly,
T. T. HICKS.

Statesville, N. C., Sept. 13, 1904.

Hon. Thomas S. Rollins, Chairman Republican State Executive Committe, Greensboro, N. C.

Dear Sir: Replying to your inquiry, I beg to say that I was a member of the Committee on Platforms and Resolutions at the last Republican State Convention, and would respectfully state that the platform you are sending out is an exact copy of the platform as reported by the Committee, and adopted by the Convention. The statement that the platform has been altered or amended in any manner, shape or form is absolutely without foundation.

Very truly yours,
H. C. COWLES.

Asheville, N. C., Sept. 12, 1904,
Mr. Thomas Rollins, Chairman, Greensboro, N. C.

Dear Sir: I was chairman of the Committee on Platforms at the late Republican Convention, and I wrote every word of the temperance plank and know that the platform sent out by you contains the identical temperance plank adopted by the Committee and ratified by the Convention. Very truly,
J. J. BRITT.

TRAGEDY AT KERNERSVILLE.

Louis Carmichael Kills Wife, Wounds His Stepdaughter and Takes His Own Life.

Winston Salem, N. C., Sept. 26.—One of the most horrible tragedies in the history of Forsyth county occurred at seven o'clock this morning at Kernersville. Lewis F. Carmichael, a carpenter, aged 64 years, killed his wife, aged 50 years, seriously wounded his 12 year-old stepdaughter, and then cut his own throat with a razor and shot himself with a pistol. The weapon was fired four times, three balls taking effect on the right side of the head. He lived until 10 30, but was never conscious after the shooting.

Mr. Carmichael and his wife separated several weeks ago. Yesterday he went to her home near the passenger depot and told her that if she did not consent to live with him again he would kill her before to night. After eating breakfast this morning at the home of his sister, Mrs. A. Lewis, he took a razor and pistol and went to the home of his wife. When the husband entered the kitchen the wife was over the stove preparing breakfast for herself and children. It is supposed that she again refused another request to live with him and that he thereupon took the razor and cut the wife's throat, nearly severing her head from her body. The wife ran into the yard and fell upon the grass, where she expired in a few minutes. Carmichael then turned upon Miss Dwiggins, his wife's youngest daughter, with the razor, cutting two severe gashes on her breast. He then used the razor and pistol with fatal effect upon himself.

Lynching in South Carolina.

Your Heart

May Be Weak. One Person in Four Has a Weak Heart.

One of the surest signs of a weak heart is shortness of breath after exercise. Your heart is not able to pump the blood fast enough to your lungs.

Some of the other symptoms of Heart Trouble are: Pains in the Side, Back and Shoulder; Fainting or Weak Spells; Dry Cough; Swelling of Feet and Ankles; Cold Feet or Hands.

No one can afford to allow a weak heart to go without medicine, because weak heart means poor circulation, and poor circulation means weak lungs, stomach, liver, kidneys, etc.

If, therefore, you suspect heart trouble, begin taking Dr. Miles' New Heart Cure. The Heart Cure will do you good, as it is a splendid tonic for the blood and nerves, and will revitalize your entire system.

Finally, remember, Dr. Miles' New Heart Cure is sold under a guarantee that the first bottle will do you good.

If it doesn't—your money back.

"I was afflicted with heart trouble for three years. I would be apparently all right, and without a moment's warning would fall as though shot. The attacks were frequent, and a terrible dread possessed me, as I never knew when or where, nor under what conditions I would be attacked, and whether I would survive them. I consulted and was treated by some of the most eminent physicians of the state. Not finding relief from this source, I began taking Dr. Miles' New Heart Cure, and began to improve at once. I used ten bottles, which entirely cured me, as I have not had an attack for five years."—MRS. JOHN DRESBACK, Lefalo, O.

Deadly

Grasp of Grip Prostrated Me.

Dr. Miles' Nervine Built Up My

Shattered Nerves and Gave Me an Appetite.

Of the millions of people, who today suffer from nervous or heart weakness, a large percentage trace the cause directly to deadly LaGrippe. It is a germ disease, and makes a direct attack upon the nerves, putting an extra strain upon them at the time their vitality is at the lowest ebb. If LaGrippe has left you with a shattered nervous system, with loss of appetite, lack of energy, insomnia, frequent headaches and morbid tendencies, you should strengthen the weakened nerves with Dr. Miles' Nervine. It will undo all that grip has done, bring back appetite, rest and restore the nerves to their normal activity.

"I want to write this testimonial for the benefit of those who have suffered from that dreaded disease—LaGrippe. I suffered several weeks with it, and nothing I tried seemed to benefit me in any way, shape or form (I suffered almost death) and finally my daughter recommended Dr. Miles' Nervine to me and I can truthfully say from the first day I felt better than in weeks. It gave me relief, built up my shattered nerves and gave me a splendid appetite. I cannot speak too highly of it and want to say, each and every one who has suffered from LaGrippe will find instant relief by getting a bottle of Dr. Miles' Nervine. Insist on having it and take no other. It is simply splendid. Hoping this will benefit some poor sufferer I remain," —MRS. GEORGE B. HALL, Jackson, Tenn.

The Medicine That Cures.

RENO, OKLA., May 11, 1903.

Wine of Cardui absolutely does cure sick women. I consider it the most valuable medicine, and it is the cheapest cure any sick woman can use, as it takes as a rule, only a few bottles to effect a complete and lasting cure. I especially recommend it for uterine or ovarian troubles, inflammation and ulceration, painful, profuse or scanty menstruation and it is a most valuable adjunct to use during the gestative period, insuring easy childbirth and speedy recovery.

It should have a place in every home as it is a true friend to wife, mother and maiden and I most heartily recommend it.

Dr. E. Buchanan
WRITER AND LECTURER.

Dr. Mrs. Buchanan is an authority on the science of medicine and certainly appreciates the great work physicians are doing for the relief of sufferers. But this does not deter her from expressing her views in praise of Wine of Cardui.

Mrs. Buchanan's high intelligence and long and successful experience render her advice of great value. Wine of Cardui regulates menstruation, cures bearing-down pains and relieves suffering women of the pain and misery to which their sex is heir. You have the word of Dr. Buchanan and thousands of other eminent women that Wine of Cardui will completely cure you.

Fishing with an Ice Pick.

There is a farmer out in Wyoming who lived almost entirely last winter on the contents of a unique refrigerator presented to him by nature.

He lives near a small brook which is part of a large stream not far off. A big school of salmon trout came up in the brook and were cut off from returning to the river by the freezing of the small connecting stream. Then came an unusually cold wave, and the brook was frozen solid, the hundreds of salmon trout being caked up in the ice.

During the winter the farmer had only to go down to the brook, chop a hole in the ice and pick out a few of the frozen fish, using them as he needed them for his meals.

MEET AFTER 27 YEARS.

Long Lost Brothers Come Together in Town Where Neither Lives.

On the chance of finding an opportunity to use some of his surplus money, Frederick Clayton came to Waukesha from his home at Ellsworth, Neb., and unexpectedly met a brother whom he had not seen in twenty-seven years. The two met on the street.

Frederick came to this country in search of farming lands, thinking to invest in a large tract. He arrived over the electric line from Milwaukee, and, after stepping from the car to the sidewalk stopped for a moment to inquire the direction to a hotel.

While thus meditating an elderly man approached. Frederick noted him and as he was about to pass at the same time the other turned.

"Henry!" exclaimed one.

"Frederick!" exclaimed the other.

Henry B. and Frederick F. Clayton were born at Marshalltown, Ia., and are 47 and 52 years of age, respectively. Owing to some family quarrel the eldest left home and struck out for himself, and at present is living unmarried at Ellsworth, Neb.

Henry is married and lives at Bella Vista, Cal. The two brothers left for North Prairie to visit a cousin.—New York World.

Miss Rose Peterson, Secretary Parkdale Tennis Club, Chicago, from experience advises all young girls who have pains and sickness peculiar to their sex, to use Lydia E. Pinkham's Vegetable Compound.

How many beautiful young girls develop into worn, listless and hopeless women, simply because sufficient attention has not been paid to their physical development. No woman is exempt from physical weakness and periodic pain, and young girls just budding into womanhood should be carefully guided physically as well as morally. Another woman,

Miss Hannah E. Mershon, Collingswood, N.J., says:

"I thought I would write and tell you that, by following your kind advice, I feel like a new person. I was always thin and delicate, and so weak that I could hardly do anything. Menstruation was irregular.

"I tried a bottle of your **Vegetable Compound** and began to feel better right away. I continued its use, and am now well and strong, and menstruate regularly. I cannot say enough for what your medicine did for me." —$5000 forfeit if original of above letter proving genuineness cannot be produced.

Lydia E. Pinkham's Vegetable Compound will cure any woman in the land who suffers from womb troubles, inflammation of the ovaries, and kidney troubles.

Conference of Lutherans.

Salisbury, Special.—The Lutheran conference held important session Wednesday night, Thursday morning and afternoon. Two Synods have been at work and efforts have been to bring about closer relation between the Tennessee and the North Carolina Synods. The following resolutions were offered:

"This conference after colloquim on the mutual relations of the North Carolina Synod and the North Carolina conference of the Tennessee Synod give expression to the following sentiments as the result of the free interchange of views:

"In view of the relation of the two bodies, here represented, to the United Synod, and in view of the important needs of the work here represented.

"Resolved 1, That it is the sense of this colloquim that the two bodies here represented should co-operate in educational and mission work.

"Resolved 2, That a committee be appointed to draft terms and methods for such co-operation to be presented to the North Carolina Synod and to the North Carolina conference of the Tennessee Synod for consideration and adoption.

"Resolved 3, That the committee submit this draft to this conference this afternoon."

This committee is composed of the following: North Carolina Synod, Revs. Geo. H. Cox, D. D., and A. G. Voight, D. D., North Carolina conference, Tennessee Synod, Rev. J. C. Moser, D. D., and Prof. R. L. Fritz.

After this, a committee, with Rev. Dr. J. C. Moser, of Hickory, and Prof. R. L. Fritz, of Lenoir College, as president and secretary, respectively, made the following recommendations:

"The educational work of the Lutheran Church in North Carolina should be completely organized and co-ordinated. We need one or two colleges doing genuine college work and a sufficient number of preparatory or fitting schools which shall be embraced in our school system so as to do their own work and also serve as feeders to the central colleges. Our educational work as now constituted, consists of Lenoir College, which is owned and operated by the Tennessee Synod, and the North Carolina Collegiate Institute, and Mount Amoena Seminary, which are owned and controlled by the North Carolina Synod; and also of Gaston College, a private enterprise recognized by the Tennessee Synod, and Elizabeth College, a private enterprise recognized by the United Synod. We recommend that for the present, these schools make every effort to work together peacefully and harmoniously and that our people patronize these schools in preference to those outside our territory.

"Co-operation in mission work is contemplated only in contiguous and overlapping territory. Neither body shall start a mission in a town or a community which has been pre-occupied by the other body. We recommend that members of either body who reside in or more into the vicinity of a church or mission of the other, be advised to connect themselves with it.

"The executive committees of the two bodies shall hold joint meetings from time to time at the call of either or both of the presiding officers of these executive committees in order to provide for the establishment and maintenance of joint missions to attend to all other matters pertaining to the co-operation mission work of the two bodies."

Horrible Explosion at Durham.

Durham, Special.—By the explosion of a boiler in Erwin Cotton Mills No. 2, at Duke, Friday morning, at 6.55 o'clock, four men were killed and one fatally scalded. The dead are:

H. C. Fowler, superintendent of the mill.

L. M. Hurst, gin hand.

H. G. Braswell, gin hand, all white.

George McLean, laborer, colored.

The injured: Henry Wall, colored, badly scalded, and will die.

The explosion is a mystery. The boiler was the one used in furnishing steam for the cotton gin and the plant was getting ready to start work for the day. Braswell, McLean and Wall were in the room and Superintendent Fowler and Hurst were standing near the door talking. Without warning the terrific explosion occurred, completely demolishing the boiler room and killing four men instantly. Their bodies were horribly mangled.

The boiler was inspected in June by a representative of the Hartford Steam Boiler Insurance and Inspection Company, and pronounced to be first-class and sound. Just before the gin started work ten days ago it was again inspected by the engineer for the Erwin Company. He found it sound.

HERRICK THE MAN

Nominated For Governor By the New York Democrats

ALL NOMINATIONS UNANIMOUS

State Democratic Leaders Find a Way to Harmonious Action—Murphy's Opposition Fatal to Gout and McCarren's to Shepard.

Saratoga, N. Y., Special.—Out of a situation which at times seemed almost impossible of an amicable solution, the leaders of the Democratic party found a way to unanimous action, and at 3:23 o'clock the State convention adjourned without day, after having nominated unanimously the following ticket:

For Governor—D. Cady Herrick, of Albany, at present Justice of the State Supreme Court.

For Lieutenant Governor—Francis Burton Harrison, of New York, now a Representative in Congress from the thirteenth district.

Secretary of State—John Wallace, Jr., of Monroe, now a member of the Assembly.

For Attorney General—John Cuneen, of Era, the present incumbent.

For Comptroller—George Hall, of St. Lawrence, now mayor of the city of Ogdensburg.

For State Engineer and Surveyor—Thomas H. Stryker, of Rome, Oneida county.

For Chief Judge of the Court of Appeals—Edgar M. Cullen, of Kings (Democrat), now an Associate Justice of that bench and the Republican nominee.

For Associate Judge of the Court of Appeals—Wm. E. Werner, of Monroe (Republican), now of the bench by designation of Governor Odell, and the Republican nominee.

Dynamite on Track Kills 9.

Melrose, Mass., Special.—An outward bound electric car containing 32 persons was blown to pieces in this city Wednesday night by striking a 50-pound box of dynamite that had fallen off an express wagon. Six persons were killed outright, three more died of their injuries within an hour, and 19 others on the car were taken to the two hospitals suffering from severe injuries. At least a score of persons in the immediate vicinity of the explosion were hurt by flying glass and splinters.

The following dead have been identified:

Malcom E. McLennan, Melrose Highlands.

E. B. Haynes, Melrose.

Winfield Rowe, Saugsa, Mass., motorman.

E. A. Stowe, South Boston.

Fred D. Marshall, Boston.

The unidentified dead were three women and a three-year-old girl.

Edward A. Waterhouse, of Melrose, had a foot amputated, and was otherwise badly injured.

Dr. Perry, of Wakefield, had both legs broken.

Mrs. John Conway, of Melrose, had both legs broken.

George H Andrews, of Melrose, received a compound fracture of the left leg and his foot was also amputated.

All of these are likely to die.

So great was the force of the explosion that all but 10 feet of the rear portion of the car was blown into small pieces, while windows within a radius of a quarter of a mile were shattered.

The immediate vicinity of the accident presented a fearful spectacle when those in the neighborhood reached the scene. The ground was strew with legs, arms, and other portions of the bodies of those who had been killed, while shrieks and groans came from the writhing forms of the injured. The car contained mostly men on their way to their homes in this city, the accident taking place only a mile from Melrose's centre.

King Peter Crowned.

Belgrade, Servia, By Cable.—Peter Karagorgevitch was crowned King of Servia Wednesday. There were no hostile demonstrations and no attempt to carry out the numerous threats against the new king's life. In these solemn ritual of the Greek church and in the elaborate state procession which preceded and followed the coronation the tragedy of Servia's previous ruler found no echo. Amid the thunder of the saluting guns from the royal palace and the garrison King Alexander's murder was at least outwardly forgotten.

Sign of a Settlement.

Fall River, Mass., Special.—The first intimation of a settlement of the strike in the cotton mills in this city, which began in July 25, came when it became known that one of the manufacturers had bought a large quantity of raw cotton to be delivered the latter part of October and that other manufacturers were trying to place similar orders. It is the general belief that any settlement of the strike within the next two or three weeks will be in favor of the operatives.

Nominations in New Orleans.

New Orleans, Special.—The Democrats Wednesday nominated a city ticket headed by State Auditor Martin Behrman, for mayor. The convention selected J. P. Porter Parker for district attorney in place of Chandler C. Luxonberg. Considerable feeling was aroused by Governor Blanchard's alleged interference in behalf of Mr. Parker, after the nomination had been conceded to Mr. Luzonberg, but the convention put through the Governor's candidate. Governor Blanchard said that the attacks of the press forced him to insist on the Parker ticket.

Russians Close to Japanese.

Tokio, By Cable.—A telegram received from military headquarters in Manchuria, says that portions of the Russians troops engaged in reconnisance, while returning from Ping Taitse, continued in touch with the Japanese lines along Mukden and Yushu roads on September 18. There are no fighting.

GOOM OF GREAT SALT LAKE.

Scientists Say It Will Dry Up Within Half a Century.

Statistics indicate that Great Salt lake, the Dead sea of America, is doomed—that it is gradually drying up. The opinion now almost universally prevails among scientists that this mysterious body of water, located at an altitude of 4,210 feet above the sea level and 1,000 miles inland, and which has but a single rival, the Dead sea of Palestine, is certain within the course of a half century to disappear from the map. Some scientists, who have made a careful study of the fluctuations of the lake for the past several years, even declare that it will be dried up within a quarter of a century.

Sixteen years ago, in 1886, the area of the lake's surface was estimated at about 3,700 square miles. Taking twenty feet as the average depth at that time, one may estimate 1,505,433,600,000 cubic feet as the contents of the lake. To-day, according to recent surveys, the lake has an area of about 2,125 square miles. Multiplying this number by 11½, the number of feet in depth of the water that has disappeared and not been replaced, gives 669,778,400,000 cubic feet as the quantity of water less than what the lake had sixteen years ago.

Observers of the lake have assigned three causes for the shrinkage of its water. They are evaporation, irrigation and a subterranean outlet that some suppose to exist. There are ardent advocates of each of these theories.

Editor Shepard's News.

When the late Elliott F. Shepard published a newspaper he printed at the head of the editorial column each afternoon a Scriptural text. The editor of one of the sensational newspapers instructed a reporter to interview Mr. Shepard and outlined the questions the young man was to ask. All went well until the interviewer asked:

"Why do you publish Bible extracts? The one to-day dealt with the crucifixion. Do you consider that news?"

"I do," emphatically responded Mr. Shepard. "It is news to a great many people—especially so, I believe, to the gentleman who sent you to question me."

The interview ended there.—Memphis News.

Gloomy Roman Palaces.

Many of the great Roman palaces stand closed and gloomy. The Orsini have sold their huge ancestral pile, and retain little of their ancient glory except their name. The Lancellotti have, since 1870, kept half the great doors of their palace shut in sign of mourning for the loss of the temporal power. The Chigi have no heart for gaiety since their heir threw away his life in Africa, his death being the epilogue to a tragic love story. The Sforza-Caesarini have tried to trim their sails to every wind. Duchess Victoria, born a Colonna, was lady-in-waiting to Queen Margherita; Duchess Carolina, her mother-in-law, spent her days on her knees lamenting the fall of the Papal power. The Marchese Santifiore and Princess Corsini, both daughters of the Sforza-Caesarins, are among the gayest of Roman beauties.

While in many towns in Europe the celebration of the summer solstice is a favorite fete that has taken place year after year for centuries, it is only this summer an outside city has deemed the idea worthy of consideration, says the Boston Herald. But since the recent celebration in Paris it is proposed to revive this pagan recognition of the sun's day and get up some pretty costumes next year in honor of Old Sol.
